ARRANGEMENT OF THE MAILS.

The Great Eastern Mail from Baltimore, Philadelphia. New York, Boston, &c., and Buffalo, &c., will now be received by 9 evicek, a. m., daily; and the Mail to be sont from this office, to and by those places, will bedieved as heretofore, at 4 and 9 o'clock, p. m., daily.

The Southern Mail will be closed hereafter daily at 8 o'clock, a. m., and will be received, as heretofore, daily by 5 o'clock, p. m., and closed at 9, p. m., daily. The Mail Trains, north of Philadelphia, are to arrive there in time to connect with the Train for Baltimore, which brings the Great Mail, to arrive here by 9 a. m. No Eastern Mail is received at this office on Sunday night, and no Eastern Mail, to be sent beyond Baltimore, is made up on Saturday night. Norfolk, &c., three times by Baltimore—Monday, Wednesday, and Friday; four times by Richmond—Tuesday. Thursday, Saturday, and Sunday.

The Mail for Annapolis, Maryland, and Norfolk and adjacent places in Virginia, is closed every night, except Saturday, at 9 p. m., and it received six times a week, with a Mail from Baltimore, Maryland, by 12 m.

The Mail from Georgetown, D. C., is received twice daily by 8 a. m., and 5 p. m., and it is closed for that place at the same hours.

The Mail from Rockville, &c., Md., is received Monday, Wednesday, and Friday, of oach week, by 6 p. m., and it is closed for those places at 9 p. m. of the same days.

The Mail from Brockville, &c., Md., is received by 5 p. m. of Wednesday, and Friday, or oach week, and closed for those places at 9 p. m. of Monday and Thurs-day, Thursday, and Saturday, by 5 p. m.; closed Sunday, Thursday, and Saturday, by 5 p. m.; closed Sunday, Tuesday, and Friday, by 10 p. m., dosed at 9 p. m., Monday, Wednesday, and Friday, on oach week, and closed for those places at 9 p. m. of Monday and Thursday, Thursday, and Saturday, by 5 p. m.; closed Sunday, Tuesday, and Friday, by 10 p. m., closed at 9 p. m., Monday, Wednesday, and Friday by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday by 11 p. m., closed at 9 p. m., Mo

## PROSPECTUS OF THE "NATIONAL MON-UMENT,"

A weekly journal to be published in Washington, under the sanction of the Washington National Monument Society.

JAMES C. PICKETT, EDITOR AND PUBLISHER JAMES C. PICKETT, EDITOR AND PUBLISHER.

The Monument is intended to be a literary, agricultural, and miscellaneous paper. It will contain selections of the literature of the day—the best that can be found in American and English publications; interesting scientificarticles, embracing mechanics; foreign and domestic news; a synopsis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

nopsis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

The Monument will be published for the express and the sole purpose of aiding in the erection of the noble column now rising on the banks of the Potomac, in honor of the Father of his Country, and which every one who venerates the name of Washinston would rejoice to see completed. After deducting out of the subscription the expenses of the journal proposed to be published, the remaining funds will be faithfully applied, and without reserve, to the purpose indicated. The aid, therefore, of all who are willing to contribute to so patriotic an object, and one so entirely national, is earnestly requested. By subscribing to the Monument, a valuable journal at a low price may be obtained, while it will be doing something, at the same time, towards completing that majestic memorial of the Nation's gratitude.

The Board of Managers recommend Mr. Pickett, formerly Fourth Auditor of the Treasury and Charge d'Affairs to Peru, who proposes to edit and publish the Monument journal, as one well qualified to perform the duties of editor, and to conduct the paper faithfully, and satisfactorily to the subscribers. They assure their fellow-citizens that this enterprise is not a speculation got up for individual emolument. Mr. Pickett will make the experiment with his own means and at his own risk; if successful, he will receive nothing more, and he asks nothing more, than a very moderate compensation for his services. Not one dollar, therefore, of the direct subscription to the erection of the Monument will be, in any event, applied to the support of the paper, nor the Society in any manner held pecuniarily responsible.

To give the public an idea of what may be done with the journal it is proposed to publish, it may be stated that a list of fifty thousand paying subscribers, at two dollars.

The postmasters, and secretaries of all org

Third Vice President; J. B. H. Smith, Treasurer; Geo. Watterston, Secretary.

Board of Manscales.—Winfield Scott, N. Towson, Thos. Munroe, W. A. Bradley, P. R. Fendall, Walter Jones, Thomas Blagden, Peter Force, W. W. Seaton, M. F. Maury, T. Hartley Crawford, Rend, Ogle Tayloe, Elisha Whittlesey.

Terms.—The Monument will be printed on a double-royal sheet—the paper and type being of the best quality—and in quarto form, containing sixteen large pages, that it may be more early preserved. The price will be two dollars per annum, payable on the receipt of the second number. The nature of the enterprise not admitting of any credit, none can be given.

Societies and clubs will be furnished with the Monument on the following terms: 3 copies for \$5; 5 copies, \$8; 10 copies, \$15; &c.

Those who are disposed to patronise the Monument are

Those who are disposed to patronise the MONUMENT are Those who are disposed to patronise the MONINENT are requested to forward their names to the General Agent, without delay. The first number will be published early in May, and the second on the second day of August, and weekly thereafter; time being allowed for the Prospectus to be circulated, and for the agents to make returns. As all subscribers will be contributors to the Monument itself, their names will be published in the paper.

WASHINGTON, April 23, 1851.

CODFREY PATTISON & CO., NEW YORK

that they have taken up the Importing Business on their own account. For the Inture they will confine themselves strictly to the Commission Business, for the purchase of dry goods, in Glasgow, Scotland.

From their long experience in the trade, they feel confident that they can promote the interest of those engaged in the importation of dry goods, and they respectfully solid torders, which shall have their best attention.

The name of the firm in Glasgow is changed to Godfrey Pattern & Co.

The New York firm being dissolved, they will be pleased to receive orders through their agent, James Pattison, No. 31 Pine street, New York.

GODFREY PATTISON & Co., Commission Merchants.

A New Route to Pittsburg. VIA THE BALTIMORE, SUSQUEHANNA, AND PENN-SYLVANIA RAILROADS.

THROUGH TO PITTSBURG IN 33 HOURS. An express train of cars will leave Calvert Station daily, with the U. S. Mail from Washington and Baltimore, at \$1\frac{1}{2}\text{ a. m.}, connecting with the Fast Line at Middletown at 1 p. m., arriving at Harrisburg at 1\frac{1}{2}\text{ p. m.}, to dinner.

The train leaves Harrisburg at 1\frac{1}{2}\text{ p. m.}, to dinner.

The train leaves Harrisburg for the West at 2 p., m. arriving at Hollidaysburg at 8 p. m. At this point, passengers have the option of taking either the Cars to Johnstown, thence by Packet Boats, or Stages direct from Hollidaysburg to Pittsburg.

Tickets will be sold to the following points, by this train, to wit: York, Wrightsville, Columbia, Marietta, Middletown, Harrisburg, Newport, Millerstown, Perrysville, Lewistown, Meveystown, Huntingdon, Hollidaysburg, and Pittsburg.

This train also connects with the Cumberland Valley Railroad, which passes through Carlisle, Shippensburg, Chambersburg, and other points on this road.

For the accommodation of passengers from Washington for any of the above points, the Baggage Masker of the Company will be at the Depot of the Baltimore and Ohio Railroad Company on the arrival of the Morning Cars, at 8 a. m., to receive the Baggage, which will be carried free of charge to Calvert Station.

Austin's Magic Freezer, Through in six minutes. For the preparation of Ice Creams, Water Ices, &c.—Patented September 19, 1848.

tember 19, 1848.

THE distinguising merits of this Apparatus are—
Ist. The astenishing rapidity of the process, surpassing belief—hence the name.

2d. The Cream during the progress of freezing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and delicacy of flavor, for which the Ice Cream of our best Confectioners is so highly prized.

3d. It does not require a teath part of the labor that the common Freezer does.

4th. It does its work better, producing a better article, in every respect, than by say other mode.

6th. There is a considerable saving in ice, as the tub needs no replenishing during the operation.

The annexed testimental from the Proprietor of the Eutaw House will put to rest all doubt.

"Having witnessed the process of freezing Ice Cream naustin's Magic Freezer, two quarts of Cream having been frozen in the incredible short time of cix minutes, I cheerfully recommend it to the public."

H. F. JACKSON,

Eutaw House, Baltimore, May 15, 1848.

cheerfully recommend it to the public."

H. F. JACKSON,

Eutaw House, Baltimore, May 15, 1848.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons,) making from 10 to 50 gallons per day during the season; and so far as regards expedition and power, I consider it decidedly the best freezer now in use, as I have had with it no difficulty in making ten gallons of superior quality Ice Cream from five of piain Cream, in thirty minutes from the time I commenced working it.

A. H. BROWN,

HE Faculty of Instruction of this I

resorship of Mental and Moral Sciensorship of the Greek and Latin L.

phy,
A Professorship of Rhetoric and Belles-Lettres,
A Professorship of Chemistry and Natural History,
A Professorship of Civil Engineering,
A Professorship of Modern Languages and Drawing.
The Collegiate year is divided into two sessions or terr
of twenty-one weeks each. The first session sommence
on the fourth Wednesday of October; and the second
the fourth Wednesday of April. Each is followed by
yeaction of five weeks. COURSE OF INSTRUCTION.

FRESHMAN CLASS.—I. Livy, begun; Xenophon's Anabasis; Algebra, begun; History, begun.

II. Livy, finished; Homer's Odyssey, begun; Algebra, finished; Geometry, begun; History, continued.

III. Horace, begun; Homer's Odyssey, finished; Geometry, five books; History, finished.

JUNIOS CLASS.—I. Tacitus, begun; The Prometheus of Æschylus and Electra of Sophocles; Analytical Geometry, finished; Calculus; Natural Theology; Evidences of Christianity.

II. Logic; Mental Philosophy; The Alcostus ides; Tacitus, finished; Natural Philosophy; Mo

pides; Tacitus, finished; Natural Philosophy; Mechanics, begun.

111. Moral Philosophy; Plato's Gorgias; The Captive of Plautus; Mechanics, Hydrostatics, Pneumatics, and Meteorology.

SOPHOMORE CLASS.—I. Horace, finished; Kenophon's Memorabilla; Geometry, finished; Rhetoric, begun.

11. Cleero de Amicitia and de Senectute; Herodotus, begun; Plane Trigonometry; Spherical Trigonometry; Rhetoric, continued.

111. Cleero de Officiis; Herodotus, finished; Surveying; habitics (Geometry, begun; Planetric, finished).

Rhetoric, continued.

III. Cleero de Officiis; Herodotus, finished; Surveying; Analytical Geometry, begun; Rhetoric, finished.

SENDOR CLASS.—I. Political Philosophy; The Andria of Terrence; The Clouds of Aristophanes; Acoustics, Optics, Electricity, Magnetism.

II. Elements of Criticism; Butler's Analogy; Cicero's Tusculan Questions; Demosthenes de Corona; Voltaic Electricity or Galvanism; Electro-Magnetism, Magneto-Electricity; Electro-Dynamies; Astronomy, begun.

III. The Constitution of the United States; Astronomy, finished; The Science of Heat; Thermo-Electricity; Chemistry and Geology.

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS. At the close of each study, or branch of study, the members of the class are carefully examined, and, at the close of a Committee of the Trustees; and their attainment are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION. RELIGIOUS INSTRUCTION.

In addition to daily morning and evening prayer, divine worship is held twice on every Sunday, and the recitation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardian may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentees.

Two at least of the Professors, with their families, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION.

such rooms as may be assigned them by the Faculty.

ADMISSION.

In order to admission to pursue the entire course, a student must be at least fourteen years of age; must give satisfactory evidence of good moral character; and must sustain an examination in the following studies, viz:

Arithmetic, Elements of Algebra, Latin and Greek Grammar, Jacob's or Felton's Greek Reader, and the first two books of Xenophon's Anabasis, Jacob's or Deering's Latin Reader, Sallust or Cassar, Cicero's Select Orations, and Virgil, or what shall be deemed equivalent!

EXPENSES.

and Virgil, or what shall be deemed equivalent.

EXPENSES.

ENTRANCE FEE.—If the student enter as Freshman, five dollars; if as Sophomore, ten dollars; if as Junior, fifteen dollars; and if as Senior, twenty dollars.

Tultion . \$21 00 \$21 00

Room rent . 4 00 4 00

Incidental expenses . 1 00 1 00

Use of Library . 75 75

Janitor's Wages . 1 00 1 00

Fuel for Orstory and Recitation room 1 50

Fuel is afforded to the students at cost. A sum equal to the probable cost is advanced by each student; if more is consumed it is charged to him; if less, the balance is refunded.

Board is furnished with the families of the Profes t two dollars per week.
Washing, at the usual rates.
All dues are payable in advance. The tuition is reed, on application, to all students designed for the I

vance.

For students who do not design to prosecute the whole
Course required for a degree, a more limited range of studies is furnished, adapted to the sphere and course of life
of each individual, so far as such can be reasonably anticinstead.

The studies of this Course are arranged under the follow ing departments, to wit:

1st. A MATHEMATICAL DEPARTMENT—In which, beginning
with Arithmetic and Algebra, the student will be carried
scrictim, through all the higher branches of the Mathe
matics, ending in their application to Natural Philosophy,
Astronomy, &c.

Astronomy, &c.

2d. An Evolusi Department—Comprising instruction
of Orthography, Rending Florida. 221. AN ENGLISH DEPARTMENT—Comprising instruction in Orthography, Reading, Eleoution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Intellectual Philosophy, Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Cristianity.

hristianity.
3d. A MERCANTILE DEPARTMENT—In which will be im-

ify youth for the immediate the continued of the product of the including—

1. Penimanship—By an original and popular system of this art, which invariably produces a bold, finished hand, peculiarly adapted to the purposes of the accountant and business man.

2. Artilimetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per centage; together with all such operations as are requisite for a thorough knowledge of the business of the continue group.

quisite for a thorough knowledge of the business of the counting-room.

3. Bool-keeping.—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of account books.

4th. An Konicultural Department—Comprising a selection from the English and Mathematical courses; and, also, Surveying, Botany, Mineralogy, Geology, Chemistry, and Agricultural Chemistry; the last two illustrated by experimental lectures.

5th. A Civil. Engineer Department—In which, are taught Arithmetic, (mental and written.) Algebra, (mental)

taught Arithmetic, (mental and written,) Algebra, (men-tal and written,) Geometry, Trigonometry, Surveying, with the use of instruments in the field, Practical Engi-neering, Architecture, Perspective, Draughting, and To-

neering, Architecture, Perspective, Draughting, and To-pography.

Eth. A Teacher's Department.—The course of study will consist of a judicious selection of subjects from the other departments, including all the branches pursued in our commou schools. Practical Lectures will also be given on School Teaching, both as a science and as an art. Pupils will not only thus receive the fullest instruction relative to the best and most popular methods of teaching, but they will also have opportunities of exemplifying them, by hearing recitations in the lower departments of the Institution.

he Institution.
7th. A DEPARTMENT OF MODERN LANGUAGES—In which students who wish to take a thorough course can have an opportunity of doing so; while others, whose object may be to acquire sufficient knowledge to translate with facility, and to pronounce with tolerable correctness, in as short a time as possible, are also provided for.

Newark Academy.

Newark Academy.

By a late re-organization of this department of Delaware College, the Board of Trustees have taken measures to place it upon a new and improved foundation, and to endow it with advantages possessed by few similar institutions in the country. The Academy, heretofore merged in the College, and of course subjected to all the evils which have been found to attend the amalgamation of the two departments in the same building, and under the same government, now enjoys the privilege of a separate establishment, without losing those which result from its relation to the College proper.

A large and elegant edifice, with all the necessary fixtures of a complete boarding establishment, has been erected and furnished, in which the students of the Academy board, under the immediate charge of the Principal and his Assistants; and all its exercises are conducted on a system of its own, uninterrupted by the interests or operations of the other department. The furniture of the study-rooms and dormitories has been chosen with peculiar reference to comfort and convenience for study; and no expense has been spared in providing the apparatus necessary to render the means of instruction complete; giving to Newark Academy facilities for private study and comfortable accommodation of students, fully equal to those afforded by many of our colleges.

From its intimate relation to the College, students of the Academy enjoy many advantages not generally obtained at institutions of this kind. Those who wish to pursue some particular branch which fails more properly within the College classes. Students also of proper age and discretion, by recommendation of the Principal, and permission of the Faculty, may enjoy the use of the College losses of the College as can be profitably enjoyed by academical students.

The charge for Boarding, Weshing, Fuel, Light, &c., with tuition in the English, Latin, and Greek, is saventy dollars for the Summer Session, and seventy-five for the Winter Session. The sessions and vacations of the P

WILEITECTOR SCARDING SCHOOL

WIDE SOYS.—This institution a situated in one of the healthiest parts of the city of Wilmington, entirely beyond the settled portions of the town. The uniform healthiches parts of the city of Wilmington, entirely beyond the settled portions of the town. The uniform healthfulness of the location may be inferred from the fart that, since the establishment of the School, about twenty-eight years, very few cases of serious indisposition have occurred among the pupils, and not a single death either here, or from diseases contracted while here.

The course of instruction includes, besides the ordinary English branches, Natural Philosophy, Cheatistry, Physiology, History, Rhetoric, the various branches of Mathematics, and the Latin, Greek, and French Languages. Particular attention is paid to the higher Mathematics and their application to Mechanics and Engineering; the latter and Surveying are taught practically by field operations, with the use of appropriate instruments. Lectures on Natural Philosophy and Chemistry, in which all the important principles are illustrated by experiments, are regularly delivered before the students.

As the chiect is to make the instruction as thorough and practical as possible, no expense has been spared in providing suitable apparatus. It is believed that, in this respect, the Institution will compare favorably with any similar one in the country. A carefully selected library, of more than one thousand volumes, containing works on the various branches of Iderature and Science, furnishes ample reading matter; while a Laborstory, fully supplied with apparatus and tests, contains all that is necessary for practical instruction in Chemical Manipulation.

The school year commenced on the third Second-day (Monday) of the Ninth month, (September,) and is divided into four quarters of eleven weeks each, leaving a vacation of two months, from about the middle of the Seventhmonth (July).

SAMUEL ALSOP,
Principal, Wilmington, Del.

MORE HOME EVIDENCE. THE TESTIMONY OF ONE OF OUR LAWYERS.—
Mr. JAS. L. HAMILTON—DEAR SIR: Although the
number and respectability of the testimonials of which
you are already in possession, as to the efficacy of your
Medicine, "THE GREAT VA. REMEDY," in the diseases number and respectations. The efficacy of your Medicine, "THE GREAT VA. REMEDY," in the diseases which it is designed to cure, are sufficient, in my opinion, to establish its reputation, and secure for it such patronage as will adequately reward you for the discovery of so inestimable a Medicine—yet the great benefit which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from the semployment in the cases of several friends, to whom I had recommended it, constrain me to contribute, for such use as you may think proper to make of it, this formal acknowledgment of its sanitary virtues. My own case was Dyspepsia of long duration, and very aggravated in its character, manifested by an almost total destruction of the digestive functions, great debility, nervousness, emaciation, and impaired appetite, with pain, and a burning sensation in the left side of the chest, palpitation of the heart, vertigo and congestion in the head, and many other symptoms indicative of the worst type of the disease, by the use of three or four bottles of your preparation, been entirely relieved. The cases of my friends, in which your Medicine was taken, were Dyspepsia, Chronic Headache, and Sore Throat, in all of which it proved efficacious, after the trial of a vast number of other remedies without benefit. Your medicine is as pleasant to the taste as a cordial, and in my experience corrects all derangement of the stomach, restores the wasted or enfeebled energies of the digestive organs, and imparts strength and reanimation to the whole system.

Very respectfully, yours, &c.,

J. HOWARD GRIFFITH,

Marshell Buildings,
Baltimore, Aug. 24th, 1850.

For sale, in large or small quantities, by the Proprietor, or by those buying it to sell again.

Baltimore M. VALUABLE LAW BOOKS.

W E invite the attention of the Profession, and others desiring Law Books, to our very extensive stock, which, we believe, contains the best assortment of American Publications in the United States. Particular attention given to furnishing or completing Libraries for the Departments, Associations, and States.

Orders by mail promptly and carefully executed.

English Common Law Reports, English Common Law Reports,
58 Folumes, with a complete Index to the first 47 Volumes.
Since volume 39 of this series, The English Common Law
Reports have been reprinted in full. With volume 44, we
commenced binding each English volume separately, instead of, as formerly, two English in one American volume.
Price—For the first 43 vola., \$3 50 per vol.
For the succeeding, 250 "
The reputation which these Reports maintain in England and in the United States is known to all the Profession. The low price at which they are offered, compared
with the rates of some of the principal American Reports,
of even inferior merit, recommends them particularly to
the attention of those purchasing Libraries.

A General Index to the first 47 Vols. of the English Common Law Reports.

lish Common Law Reports.

By Hon. George Sharswood and George W. Biddle, Esqrs. 1 vol. 870.—\$5 00.

With this Key to their contents, the English Common Law Reports present to the Profession a mass of legal learning in the shape of Opinions, Data, elaborate Arguments, &c., &c., sufficient, probably, for the Elucidation and Prosecution or Defence of any case that can arise in our Courts of Law; and being thus made easily and instantly accessible, these Reports will be found so comprehensive, convenient, and cheap, as to supersede the necessity of other or more expensive scales.

The Index will be found of great value to all possessing the Reports; and of great convenience to those having access to, but not owning the series.

New English Exchequer Reports-Pleas and

New Engush Exenequer Reports—I tede und

Equity.

To be reprinted in full, in best style, with American
Notes, by J. I. Clark Harr and H. B. Wallack, Equrs, at
\$2.50 per vol., bound.
Including McClelland and Younge, Younge and Jervis,
Crompton and Jervis, Crompton and Messon, Crompton,
Messon and Roscoe, Messon and Younge and Collyer—in
Equity.

\*\* We take pleasure in referring to the accompanyi

letters, explanatory of the character of these Reports, at their value to the Profession in this country: CAMBRIDGE, January 25, 1845. CAMBRIDGE, January 20, 1000.

Messrs. T. & J. W. Johnson:
Gentlemen—in reply to your letter, I can with great sincerity say, that I entertain a very high opinion of the recent Exchequer Reports. In my judgment they are not excelled by any cotemporaneous Reports, in learning, ability, or general utility and interest. The cases decided are discussed with great care, and expounded with uncommon force. I searcely know of any volumes which I deem of more importance or value for a Professional Library.

JOSEPH STORY.

Gentlemen: Your letter of the 24th has been received, in which you ask my opinion as to the value of the English Exchequer Reports, from Price downwards to this time, to an American Lawyer, and as to the expediency of reprinting them in this country. Of the high value of these Reports, both on the Pleas and Equity sides of the Court, I have not the least doubt—the decisions of this Court for the last fifteen or twenty years, both at Equity and in Common Law, being entitled to equal respect with any others in England. I should think an American Lawyer's Library essentially incomplete without them.

I am, gentlemen, very respectfully yours,
SIMON GREENLEAF,
Mesers. T. & J. W. Johnson.

Messrs. T. & J. W. Johnson.

Law Library.

Law Library.

Fourth Series—Forty Volumes.

Twelve Dollars a year, bound—Ten Dollars in Numbers.
The chespest Law Periodical in the United States.

It is our determination to make the Law Library the cheapest series of reprints of English Law publications in this country. The Editorial Department will, we trust, be found fully to realize the expectations of those who have enjoyed Smith's Mercantile Law, Touchstone, Broom's Legal Maxims, Archbold's Nisi Prius, Archbold's Landlord and Tenant, Crabb on Real Proporty, Smith on Contracts.

The high reputation which the "Law Library" has acquired throughout the United States, by the character of its volumes, and by the cheap rate at which its valuable contents have been presented to the Profession, is the best evidence we can offer of its merits and its claims for your support. We hope, and will alm, to retain this high character.

Leading Cases in Law and Equity. In Three Series-With American Notes.

In Three Scriez—With American Notes.

1. White and Tudor's Leading Cases in Equity, 1 vol. 8vo. \$4 50; with copions and elaborate American Notes, by Messrs. Hare & Wallace.

2. Smith's Leading Cases, 2 vols.—\$10.
Third American Edition—with Notes and References to late E: glish and American Decisions, J. I. Clark Hare and H. B., Yaliace, Esqrs.

3. A nerican Leading Cases, 2 vols.

Containing voluminous and learned notes to the Leading Cases in Mercantile Law decided by the American Courts. Edited by John Innis Clark Hare, Esq., and Horace Binney Wallace, Esq.—\$9.

The English Ecclesiastical Reports. Seven Volumes \$24 50.

Secon Volumes—\$24 50.

Furnish a series of Decisions in the Ecclesiastical Courts of England and Scotland, from 1790 to 1838, and contain seventeen English volumes condensed in seven.

"We respectfully commend this series to the notice of the Profession. It contains the only reports of the many important cases of Wills, Settlements, Divorces, &c., and covers the whole of that important branch of the law embraced in this country by the Orphans' Court Practice.

"It would be difficult to point to any English Reports of more general value in the United States, than this selection of Decisions."—Marvin's Legal Bibliography.

British Crown Cases Reversed.

British Crown Cases Reversed.

Three Volumes—\$5.

From 1796 to 1840—To be continued.

The Decisions upon the Crown Cases reversed for the consideration of the Twelve Judges of England, are of the first importance to the due administration of the criminal justice of the country; and in committing to the press those which have occurred during a recent period of more than forty years, the publishers believe that they are making an acceptable communication to the Profession and the public.

The three volumes already published contain all the Reversed Cases since Leach.

REAL ESTATE IN VIRGINIA FOR SALE.

THE subscriber has not yet disposed of his real estate in Prince William county, Virginia. He is still desirous of selling, and will do so on accommodating torms. It consists, first, of 947 acres of land, in from two and a half to four miles of Brentsville, the county town, four-teen miles of Occoquas, thirty miles of Alexandria, and from four to five miles of the Orange and Alexandria Esliroad, which will be completed to Brentsville this year. This land is well adapted to the growth of wheat, corn, rye, cats, and grass. It is a mixture of the red and grey soil, and admirably adapted to improvement by the use of clover, plaster, gnano, &c. It is heavily timbered, and finely watered, having leating springs of the purest water. It is capable of being divided into five or six good sized farms, and with tolerable buildings and small orchards on four of them. I will sell it all in a body to a company, or will divide it to suit purchasers, at price ranging, according to quality, at from \$5 to \$5 per acre. I will only require one-fourth of the purchase money in hand, and the beliance I will divide in three annual payments, to bear interest from the data of sale, to be secured on the property. Land is rapidly rising in value in the neighborhood, and I offer great inducements now, as I wish to turn my attention to other pursuits.

Secondly. A square of buildings in the town of Brentsville, suitable for a carriage-maker, wheelwright, or blacksmith, with two dwelling-houses, kitchens, blacksmith, carriage, and wheelwright shops, and other necessary buildings. \$1600 is now my price for this property—on the same terms as the land. It is within a mile and three quarters of the railroad.

Thirdly. Nine and a quarter scree of land on the turnpike, just above Buckland, on which are a good dwelling-house, a large wheelwright shop, kitchen, stable, dairy, and smoke-house. It would make a good tavern stand, and the shop a good stable. For this property I will take \$500—on the same terms.

Fourthl REAL ESTATE IN VIRGINIA FOR SALE.

and smoke-house. It would make a good tavern stand, and the shop a good stable. For this property I will take \$500—on the same terms.

Fourthly. A large lot in the village of Buckland, known as the tan-yard lot, on which there is a comfortable house and kitchen—lot enclosed. The tan-yard is in bad condition, but might be easily resuscitated, and is a very good place for the business. For this I will take \$400—on like terms.

Fifthly. A lease lot in Haymarket, with a pretty good house, kitchen, a large shoemaker's shop, stable, &c. The buildings are a little out of order. The lease may run for ten or twelve years. For this I will take \$100.

Sixthly. A valuable farm in Alleghany county, Maryland, containing 200 acres, within eight miles of the National Road, and ten to twelve miles of the Baltimore and ohic Raliroad. This farm is in a thriving neighborhood, is heavily timbered, has a good and never-failing stream of water running through it, and several mill-seats; abounds in iron ore and coal; has a fine sugar maple or chard on it, and a mineral spring, which I think equal to the White Sulphur or Bedford, and has now some forty or fifty acres of the land cleared. The soil is not surpassed by any in the country. I am disposed now to take \$4 per acre for it. Mr. Abraham Steel, who lives near it, will show it to any one wishing to purchase. The property in Prince William county, Virginia, will be shown by Eppa Hunton, eq., who is authorized to sell; or by Mr. Edwin W. Latimer, or Mr. Robert Hodgkin. I shall be in Brentsville about the middle of May, and will, in person, show the property to any one wishing to purchase.

HEXEY A. BARRON,

At Mrs. Gassaway's Boarding-House, D street, between 7th and 8th, south side, Washington.

MOTICE.

BALTIMORE AND WASHINGTON RAILROAD.

BALTIMORE AND WASHINGTON RAILROAD.

On and after WEDNESDAY next, 9th instant, the station on Pennsylvania avenue will be vacated, and the new one on New Jersey avenue occupied.

The Passenger trains will leave the latter, commencing at 5 p. m., as usual, at 6 and 9 a. m. and 5 p. m. daily, except on Sunday, when but two trains run, viz., at 6 a. m. and 5 p. m.

In making this change, the undersigned desires to call attention to the rules of the Company, in regard to the reception and delivery of merchandise:

1st. Shippers are reminded, that in all cases a bill with full directions should accompany the goods.

This is for the protection of both parties, and unless compiled with the goods cannot be received.

2d. Consignees are notified that all merchandise must be removed on the same day upon which it is received, as the Company cannot hold itself responsible for any thing left in its house during the night.

The hours for reception and delivery of merchandise are from 8 a. m. till 4 p. m.

The undersigned takes occasion to remark that these are not new regulations, but he has been compelled to call attention to them from their frequent violation, which has caused much and serious inconvenience.

FURNISHING MAIL LOCKS & KEYS.

Post Office Department,

March 14, 1851.

T being desirable to substitute locks and keys of some other kind for those now in use for the mail service of the United States, specimen locks and keys, with proposals to furnish the same, will be received and considered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, considered

on for examination and report. Upon this report, cor

posals to furnish the same, will be received and considered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Postmaster General, for the time being, to extend and continue the contract in force for an additional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no kind of lock is prescribed as a standard, the Department relying for a selection on the mechanical skill and ingenuity which a fuir competition, now invited, may develop. It is, however, proper to state that a lock suitable for the mail service should possess the following qualities, via: durability, uniformity, lightness, and strength. For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and twenty thousand keys adapted thereto will be required to be farmished by the contractor within seven months after the contracts adopted, as well as the increase of the mail service; but it will probably never exceed in amount three thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made be allowed to make, sell, or furnish, any lock or key similar to those contracted for for any other, purpose or use than that of the Post Office Department.

The kind of lock adopted must be patented, and the patentes will be required, on entering into contract, to make an assignment of his patent for the exclusive use and benefit of the Department, if the Postmaster General shall deem such requirement essential to the interests of the se

Philadelphia Type and Stereotype Foundry. THE subscriber would call the attention of Printer to the greatly reduced prices of the present list. They

HUNT'S MERCHANTS' MAGAZINE

PREEMAN HUNT, EDITOR AND PROPRIETOR. THE Number for Occember, 1859, com ty-third semi-annual volume. The mlarged since its commencement in July

The following are a few of the many commer ters received by the editor of the Merchants' from distinguished statesmen: Letter from the Hon. Henry Clay

The following are a lew of the many commendatory leters received by the editor of the Merchants' Magazina from distinguished statesimen:

Letter from the Hon. Henry Clay.

Assiland, 20th July, 1849.

Bear Sir: I wish to express to you the gratification I derived on receiving the July number of the Merchants' Magazine and Commercial Review, from viewing your portrait in the beginning, and from reading your address to your friends at the end of it. When we feel under obligations to those who have contributed to our information and amusement, we are naturally desirous to possess all the knowledge of them, of their appearance, of the features of their countenance, and of the character and habits of their mind, which we can acquire. You have placed your numerous readers (at least you have me, if I may not speak for them) under those obligations: and the number of your valuable work now before me, in some degree, satisfies the desire to which I have alluded.

I have become quite familiar with the Magazine and Review, and have no hesitation in expressing my humble opinion that it is eminently entitled to the public regard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the manufacturer, to the mariner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am glad that it has been, and hope that it may continue to be, liberally patronized.

Offering you cordial assurances of my esteem and regard, I am truly your friend and obedient servant, Freeman Hunt, esq.

Extract of a letter from Hon. Millard Fillmore.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I think it one of the most valuable periodicals that was ever published. To the merchant it seems quite indispensable, and to the statesman and man of general information almost equally desirable. It is a gra

THOMAS H. BE Letter from Hon. Wm. H. Seward. My Dear Sir: Have the goodness to place my name on your list of subscribers for the Merchants' Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the govern-

ment.

I am, with great respect, your humble servant,
Freeman Hunt, esq. WILLIAM H. SEWARD.
The Merchants' Magazine is published monthly, at 142
Fulton street, New York, by FREEMAN HUNK, and furnished to subscribers for Five Dollars a year, in advance. SPRING IMPORTATION.

W. & S. PHIPPS & CO., 64 and 66 Broadway, New York, and 16 Milk street, Boston, are now re-ceiving a complete assortment of British, French, and Ger-man staple and Fancy Dry Goods, which they offer on N. B. Will receive the newest style of Dress Goods by every steamer. A large assortment of Trimming Goods always on hand.

BALTIMORE PIANO FORTE MANUFACTORY.

WISE & BROTHER, Manufacturers of Boudoir, Grand, and Square Pianos, request those who would be assured of a first class Piano, one that ladies can perform on with the greatest possible advantage—one that the tower an be instantly adjusted to the exact strength of the Bacters and movement of music, one that will stand in convert tune, one that the tone will not become shrill and crating, that is chaste of style and elegantly made up of straight and regular curve lines, that will last an age—to dive them a call. The ancient standing of the Baltimore Factory, and liberal patronage of citizens and others of the first order of artistic tasts and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Piano, minutely reviewed by the most accomplished civil engineers and master artists, has been denominated truly a Grand Piano; also, that their late Boudoir, for style, power, and compass of tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselves.

J. J. WISE & BROTHER,
No. 31 Hanover street, Baltimore.

COLD SPRING WATER CURE. THIS NEW AND SPLENDID ESTABLISHMENT for

THIS NEW AND SPLENDID ESTABLISHMENT for the scientific treatment of the various diseases with which the human system is afflicted, is situated about three miles from the city of Buffalo, in a rural spot, and so accessible from all points as to be reached without inconvenience or delay.

A line of omnibuses runs from the steamboat landings in Buffalo to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and nurseries of the Messrs. Hodges & Bryants; and the scenery in all directions is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a glance the broad expanse of Lake Erie, the Niagara flowing majestically towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving panorama of steamboats and ceaseless enterprise.

The water, taken immediately from the celebrated "Cold Spring," is unsurpassed as regards coldness and purity, by any in the United States. The house, recently erected at a cost of about seven thousand dollars, has been fitted up in a neat and elegant style, at considerable extra expense, and is sufficiently capacious to accommodate seventy-five patients.

Connected with the establishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healthful gymnastic exercises.

MEDICAL DEPARTMENT.

MEDICAL DEPARTMENT.

MEDICAL DEPARTMENT.

The institution is under the general supervision of S. M. Davis, M. D., Professor of the Theory and Practice of Medicine in Central Medical College, and Geo. W. Davis, M. D., formerly of Dansville, N. Y., the resident physician, and is permanently associated with the before mentioned gentleman as counsel, and associate of the medical board of control. And the friends of the establishment deem it a matter of felicitation that the services of Miss Mary M. Taylor, a lady of high medical attainments, who has attended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

lege, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

The steward's department is under the control of a gentleman eminently qualified for that position; and unwearied pains will be taken to have every thing appertaining to the establishment arranged on a plan, and conducted in a way, to ensure the comfort, and promote the health and happiness of all who may wish to avail themselves of its benefits. Baths of all descriptions, adapted to the cure of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

An enlightened public sentiment has everywhere repudiated a reckless use of drugs in the treatment of disease; while intolerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a wide and fatal departure from the simplicity of Nature's laws is called for, alike by a rational love of happiness and the deplorable exigencies of our condition. Hydropathy, or a scientific use of water as a restorative and curstive agent, is a practical substitution of a simple and remarkably efficacious mode of curing the sick; for that system of drugging, depleting, and cauterizing, which, in obtaining the mastery over disease, too frequently places the patient beyond the reach of forther annoyance. The success of the various Water Cure establishments in this country, to say nothing of any other, has fully confirmed the hopes of the early discoverers and promulgators of the great truths upon which the system is founded, and renders verbal communications unnecessary. It is deemed sufficient to say, that the "Cold Spring Water Cure" will compare favorably with any of the well-conducted establishments of a similar character, and will be found equal to the best, as regards the order, convenience, and desirablements of a similar character, and will be found equal to the best, as regards the order, convenience, and desirablements of the arrangements. The institution is
